RATE CUTTING EXPECTED

CLOVER LEAF MAY RESORT TO ITS OLD TACTICS TO GET BUSINESS.

The Panhandle Will Build an Important Cut-Off-A Lull in the War Over Differential Rates.

The action of President Norton, of the Toledo, St. Louis & Western, in discharging so many officials to whom was due largely the business the Clover Leaf has secured, leads to the beilef that the road will resort to the methods of years past to secure its share of traffic. A freight official, in speaking of this suspicion, said: "It will take a powerful influence to divert business from its natural channels in order that the Clover Leaf may have a share of it without being obliged to employ solicitors. It has not appeared that any such influences connected with the Clover Leaf are in a position to apply the screws to trunk lines having St. Louis connections. On the contrary, those lines have been gradually getting their plans so arranged as to be able to squeeze the Clover Leaf very seriously if it attempts any of the piratical tactics with which it demoralized rates for so long a period. It is a well recognized fact that the Clover Leaf was at one period one of the most rabid rate-cutters in the country. It stubbornly refused to be a party to any reasonable arrangement for the maintenance of rates, and even when all other roads were disposed to behave and sought to keep agreed tariffs intact, the Clover Leaf would flagrantly make tatters of every tariff sheet in effect, its sole object being to get business at any price. There is a strong feeling that there is grave danger of a repetition of this, and it is inspired solely by the fact that the new management has adopted such severely radical measures. There have been intimations, too, that if the other roads do not lend their assistance other means will be adopted to get business. This only serves to strengthen the suspicion that rate-cutting may be expected."

Will Build a Cut-Off.

Three surveys have been completed over different routes by the Pennsylvania Company for a cut-off for the Panhandle west of Columbus. It is proposed to join the Cincinnati division, better known as the Little Miami, and the Indianapolis division main line. The engineering corps is endeavoring to find a satisfactory low grade which will provide for heavier trainloads in the interchange of traffic. The surveys aim at the building of a cut-off ten miles west of Columbus on the Little Miami to a point west of Marble Cliff, on the Panhandle main line. The new line contemplates additional advantages in providing for the concentration of the bulk of traffic on one of the divisions entering Columbus where the entrance involves the crossing of a number of streets and railway crossings. The Cincinnati division makes three crossings in Columbus, and the Indianapolis division of the Panhandle the same number. At present the classification yards of the Cincinnati division are at Franklin, while those of the Panhandle are at Dennison avenue, Columbus. Under the contemplated improvements the business of both will be concentrated and the business of both divisions handled more expeditious

A belief prevails in upper railway circles that no change will take place with the Monon until the renewal of the lease of the Cincinnati Southern road has been settled. By dismissals and consolidation of offices President Norton, of the Toledo, St. Louis & Western, expects to cut down the expenses of the official roster of the road 40 per cent.

Twelve important bridges have been reconstructed thus far. Work was begun on Monday on the big structure that is to span the St. Lawrence river, connecting the north and south shores a few miles from Quebec. The bridge is guaranteed to hold as many 150ton locomotives as can be placed on the double track at one time. The structure will cost over \$4,000,000.

There is trouble between the west-bound ines over traffic from the Eastern States to the G. A. R. encampment at Chicago, and the Lake Shore and Michigan Central have filed a written protest. The friction is caused by the differential question. The Wabash has secured the cream of the business from Buffalo to Chicago, taking advantage, it is claimed, of a differential.

IT IS NOW 2,050,600. A GAIN OF 35.33 PER CENT. IN TEN YEARS.

Figures Are for Boroughs of Manhattan and Bronx-Mr. Heath's Vacant Place to Be Filled Soon.

WASHINGTON, Aug. 16 .- The Census Ofice this morning announced the population of Greater New York (Manhattan and Bronx boroughs) as 2,050,600. The population of the borough of Manhattan is 1,850, 093, and that of the Bronx 200,507. There are, besides the boroughs named, three other boroughs in Greater New York, namely: Brooklyn, Queens and Richmond. When the census of 1890 was taken the city of New York comprised all of what is now the borough of Manhattan and all of what is now the borough of Bronx, except the territory lying to the west of the East river, annexed on Jan. 1, 1898. The population of New York city in 1890 was 1,515,301. On June 1, 1900, the joint population of the poroughs of Manhattan and Bronx was 2.-050,600, representing an increase from 1890 to 1900, including annexed territory above referred to, of 535,290, or 35.33 per cent.

The President and Mrs. McKinley, with Secretary Cortelyou and Dr. Rixey, arrived at the White House at 8:45 o'clock this morning. The trip from Canton was without especial incident.

To-day's statement of the treasury balances in the general fund, exclusive of the \$150,000,000 gold reserve in the division of redemption, shows: Available cash balance, \$140,656,541; gold, \$74,200,352.

It is expected the President will appoint some one to the vacant place of first as sistant postmaster general. Mr. Allen is still acting, but the period he can so act will expire next Monday. The position has been offered to three persons and declined by all of them. The difficulty in finding some one outside the Postoffice Department may cause the President to reverse the determination reached when Perry Heath resigned, to go outside the department for his successor and fill it by appointing some one inside the department. In that event it is believed his choice will fall on Mr. on the Toledo, St. Louis & Western has Allen, who is in every way qualified for the position.

Special to the Indianapolis Journal. BUFFALO, Aug. 16.-Indianapolis boosted tself into second place to-day by defeating Buffalo. Pitcher Gardner was the stumbling block that stood in the way of the home team and over which it could not step. So well did Gardner perform in the box that it was the eighth inning before a local player reached second base, and in all the game Buffalo got but three hits-two singles and a triple-off his delivery. Two part of next week at Cleveland. Then they of the hits were made by Jay Andrews, come home for games with Detroit and of the hits were made by Jay Andrews, supposedly the weakest hitter of the nine, and the other by Second Baseman Hart, who by good sprinting stretched the hit into three bases. Buffalo should have been shut out without a run, and the two that were scored in the ninth were presented.

ning. Every one of the visitors was given whack at the ball before the side was retired, and between the hits there was a base on balls. Four runs were scored, thus giving Indianapolis a safe lead to start in with. After that the Buffalos played better ball, but could not hit, the one essential feature that is needed to win games. At the close of the ninth inning Buffalo had but thirty men at bat, a fraction over three an inning. This tells more than anything else the kind of pitching Gardner put up. But for the unfortunate errors of Magoon and Geier, Gardner would have had a shutout to his credit, he certainly deserved. sel played a grand fielding game in left and robbed the Buffalos of several hits by getting in the way of all the fly balls that came into his territory, even taking three or four that bore all the marks

of being safe. Hickey found the Buffalos asleep in the seventh and his daring steal of third was feature. It resulted in his getting home for as Andrews went to cover third a ball hit by Hartsel traveled over the space just vacated by Buffalo's third baseman, and the visitors' fifth run was made. Jay Andrews played the game of his life, and nothing seemed to be too fast or difficult for him to get. In fact, his work at third equaled that of Gardner in the box. Score: Buffalo. AB. R. H. O. A.

Baseball Notes.

Detroit is now playing great ball. The Tigers got off badly, and against big odds they have pulled up to a good position. At Ashtabula, O., yesterday Samuel Amidone, a prominent business man, while playing ball, was struck on the head by a pitched ball and instantly killed. The Journals will play the Franklin Stars at Franklin to-morrow, and on Sunday will play the Holt Reserves in the morning and

the Eastern Stars in the afternoon

There are several club managers in the American League who want to see Milwau-kee and Chicago beat Indianapelis out, and these two clubs are being strengthened by other clubs. Gardner came very near administering a shutout to Buffalo. The Hoosiers play the rest of the week at Buffalo and the first

all the western clubs. Indianapolis is now in second place. De troit by winning from Cleveland yesterday is now tied with Milwaukee for third, and they are only two points behind Indianapolis. The race is very exciting, and as there is a month yet before the season closes Chicago may be overhauled by any

of the three clubs.

TIME BY PACERS

2:04 CLASS EVENT AT GLENS FALLS WON BY SEARCHLIGHT.

Anaconda and Frank Bogash Second and Third - Fourth Heat in 2:06 1-2 on Slow Track.

GLENS FALLS, N. Y., Aug. 16 .- A heavy track and lowering skies caused a postponement of to-day's meeting until 4 o'clock, at which time the unfinished 2:19 trot, postponed from yesterday, was called. Lady Geraldine won the two necessary heats handily, with Frank Creamer second. The 2:04 pace, the event of the meet and day, was next called, and furnished a race unparalleled on the local track. Frank Bogash took the first heat, Searchlight the second and Anaconda, the favorite in the betting, the third, each heat being in a driving finish. The fourth was the heat of the day. The three racers went to the half as one horse, and the result was not apparent until they reached the last part of the home stretch, when Searchlight forged ahead, with Anaconda a length behind and Bogash at his wheel. The track was easily a full four seconds slow. Had it been in its usual condition remarkable time would have been posted, as in the fourth heat the quarters were :32, 1:03%, 1:36, 2:06%.

Nigger Jack has one heat and Nell Gwynne two in the 2:14 trot, which has been postponed until to-morrow on account of darkness. Summaries:

Time-2:141/2, 2:141/4, 2:141/4.

Special to the Indianapolis Journal. MUNCIE, Ind., Aug. 16 .- Regardless of two days' rain, 8,000 people witnessed some fine racing at the Muncie fair to-day. The sensation was the little four-year-old Red Patchen, owned by Elmer Moody, of Muncie, which showed a world of speed after losing the first heat in the 2:30 pace by a break, and was then held in by his owner. In the next heat the horse acted badly, and had to be driven out the last quarter, which was covered at a 2:04 clip, and the race was then easy. Other winners were easy, on a heavy track.
